Professional Experience

Senior Data Engineer — Quillon Software

Summer 2022 - Summer 2023

- Migrated clickstream ingestion across four regions, removing a manual month-end process that took two analysts three days.
- Built the nightly billing reconciliation pipeline, unblocking self-serve reporting for 200+ internal users.
- Worked with data governance across the team.

BI Developer — Pinnacle Rail

Winter 2023 - Present

- Migrated the nightly billing reconciliation pipeline, removing a manual month-end process that took two analysts three days.
- Instrumented clickstream ingestion across four regions, reducing warehouse spend by roughly a third.
